DETAILED ACTION

1. Applicant is reminded of the proper language and format for an abstract of the disclosure.

The abstract should be in narrative form and generally limited to a single paragraph on a separate sheet within the range of 50 to 150 words.

2. Claims 5 and 7 are objected to because of the following informalities:

Claim 5, line 1 "the bleeding quality" should be --a bleeding quality--,

Claim 5, line 13 "the separating valves are closed" should be --the separating valve is closed--,

Claim 7, line 1 "the temperature of the braking system" should be --a temperature of the braking system--,

Appropriate correction is required.

Claim Rejections - 35 USC § 112

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

4. Claims 5-8 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 5 recites the limitation "during which action" in line 9. It is unclear and indefinite as to what Applicants are conveying.

Claim 8 recites the limitation "the result of the comparison" in line 1. It is unclear and indefinite as to what the comparison is.

5. Claims 5-8 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
